

YANKS INCREASING LEAD OVER CARDS: GIANTS LEAD, TOO

(By Associated Press)
New York, June 12—Four and a half games was the margin the Yankees held today over St. Louis in the American League race, the best lead they have had at any time this season. They drove their ancient jinx, Urban Shocker, to cover yesterday for the second successive game and walloped the Browns 8-4. The Hugmen continued their slugging streak, while Waite Hoyt held the enemy in check after a shaky start.

Dame fortune, meanwhile, cast her lot with the Giants and the McGraw men took a 2-1 decision from Cincinnati, although Laque allowed only three bingles, two of them scratches, while the Reds rapped Ryan for ten hits. The only solid blow gathered off the Cuban was a homer by Casey Stengel which, with another tally due to Bohne's error, proved enough to win.

Dutch Ruether had an easy time hanging up his eleventh victory of the season and Brooklyn made it two straight from the Cubs. Zack Wheat culled out his eighth circuit smash, in addition to a double and a single.

Leverette, White Sox pitcher, won his own game in a 13-inning struggle with Boston, his double driving across the deciding tally, while Cleveland rallied in the ninth to beat the Athletics in a slugfest match, 9-8. Joe Evans triple sending over a brace of runs.

Pilette held Washington to two lonely hits while Detroit pounded Mogridge and Gleason for 17 safe blows, including Harry Heilmann's tenth homer of the season, and eight runs.

Rickenbacker Will Make Rest of His Trip on Railroad

Omaha, Neb., June 12—Eddie Rickenbacker, whose all-metal plane crashed to earth early yesterday, is now on his way to San Francisco, carrying with him President Harding's message to the Shriners, on a train. His plane crashed to earth while taking off at the local mail field for Denver. None of the Rickenbacker party was hurt.

The plane took off the local field and when only a few feet in the air the engine stalled, and dropped the machine down, nose first. The propeller and landing gear were demolished and the plane damaged so much otherwise that Rickenbacker was forced to abandon the contemplated fifteen thousand mile flight around the country to make an industrial and aeronautical survey.

In a statement Rickenbacker attributed the cause of the accident to the lightning which struck the plane at Detroit last Thursday.

"I am through with commercial aviation for the time being," he said. There is not a plane in the United States fitted to make such a long

SLEEP WELL

How can you expect to be 100% efficient during the day when you lie awake half the night coughing? You must have relief and fortunately it is available.

Foley's Honey and Tar supplies it. The curative influence of this easy-to-take and absolutely pure compound has brought relief to thousands. It will do the same for you.

"My cough was so bad I could hardly sleep for two or three nights. The very first dose of Foley's Honey and Tar relieved me, and I did not cough all that night. In two days' time my cough was entirely gone."

tour. The plane we are flying was the nearest approach and it fell short."

Yesterday's accident was the third since the plane was struck by lightning at Detroit.

"The Oaks," Jax's Well-Known Booze Dendevous, Raided

(Special to News)

Jacksonville, June 12—Approximately 300 cases of Lawson Scotch whiskey were seized by county authorities yesterday morning during a couple of raids near Floral Bluff, on the south side of the St. Johns river. Places raided included an estate known as "The Oaks" and the home of Frank Cole, which adjoins the estate.

The raid had been carefully planned when it became known several days ago in the sheriff's office that a large quantity of John Barleycorn was stored in buildings in that section of the county.

About ninety-two cases of whiskey were found in an out-building at "The Oaks." The place was found to be completely deserted, with the exception of an aged negro caretaker, who gave his name as Aaron Nesbit.

when placed under arrest and taken to the Duval county jail. He claims it is said, that he has nothing to do with the ownership of the whiskey seized.

The raid of the home of Frank Cole immediately followed that made upon "The Oaks." The officers found "nobody at home." One person is said to have escaped from the scene of the raid by getting away in a small boat that had been tied up at the end of a dock. A careful search, resulted in 200 cases of high grade whiskey being found.

All the whiskey was brought to the city and was locked in a store room in the county jail. Although Aaron Nesbit was the only person arrested, it is said that warrants will be sworn out for the arrest of the persons who are said to be the owners of the booze.

Some time ago "The Oaks" was raided by officers and several hundred cases of liquor seized.

SOUTH DAKOTA MAN BUYS

INTEREST IN PLANT HERE
C. R. Evans, of South Dakota, came to Palatka some time ago and was so much impressed with the city and its opportunities that he decided to locate here and bought an interest in the Inland Cabinet Co., from J. E. LePla. The factory will double its capacity at once.

Many Palatkans do not know what a high class enterprise this is. Mr. LePla is one of the best cabinet makers in the country, and is turning out some fine home furnishings at prices that are surprising.

Jax Needs Club That Can Hit If It Is to Stay Up

Palatka fans attended the ball game in St. Augustine yesterday en masse and saw the Saints put it over the Indians in a light hitting contest 3 to 1, and the impression among the Pals is that the Indians need one or two good fence busters to pull themselves up in the Lemon League. One game never truly demonstrates any team's strength, but this is not the first time the Indians have played the Saints. The last encounter required thirteen innings for them to defeat the Ancient City men by the same score that they were defeated yesterday.

The Indians are weak behind the bat. Edwards is slow in getting the

ball away and going after foul balls. The Indian infield looks good, as does the outfield, from a fielding point of view, but old heads without arms and legs don't make ball players these days.

Herbert Thomas, an old Pal player, did some fancy stuff in right field, throwing two men out, although the box score sent from St. Augustine only gives him one assist. Edwards should also have been charged with an error, as he threw wild to second in the fourth to catch Davies, who went to third, from where he scored when Niehaus, who recovered the ball, overthrew third.

The Indians pulled a play that might often be fruitful on the local lot. With a man on first, Wynne, the ball was bunted and Wynne went to second, overrunning the bag a few feet, before he could get back he was caught. The play was fast, as it must be to catch a runner.

Billy Wynne, of the

twice, was called out on and flew out to center on

Letters From Satisfied Customers

Now Using Stevenson Products

RAUCH & LANG, INC., Chicopee Falls, Mass., U. S. A.

June 1, 1922.

Stevenson Gear Company,
11th and Cornell,
Indianapolis, Ind.

Gentlemen:

Our experience with your Company as to delivery, quality and workmanship on materials that you have manufactured on our orders for us, have been satisfactory and gratifying.

We certainly intend to keep up this relationship indefinitely, as long as you will continue to give us such good service at right prices.

We trust that in the near future we will have the pleasure of placing considerable orders with you.

Very truly yours,

RAUCH AND LANG, INC.,

The Production Machine Tool Company

CINCINNATI, U. S. A.

June 1, 1922.

The Stevenson Gear Company,
Indianapolis, Indiana.

Gentlemen:

Attention, Mr. G. E. Stevenson. In further reference to the several thousand internal gears which you cut for us recently we are pleased to advise that all of them are very satisfactory in every way.

We might also say that the charge for this cutting was considerably less than it would have been under any other method that we were able to discover, as it was necessary that this work be first class, and we are very well pleased with the results.

Thanking you for your co-operation, we are,

Yours very truly,

THE PRODUCTION MACHINE TOOL CO.

(Signed) E. R. GROSSMAN.

INDIANA CONDENSED MILK CO.
Indianapolis, Ind.

June 2, 1922.

Stevenson Gear Co.,
11th and Cornell, City.

Gentlemen:

Attention, Mr. G. E. Stevenson, Pres.

We are taking the liberty of writing you unsolicited in regard to gears we have purchased from you and trust that our comment will meet with your approval and find favor with your company.

Your gears have proven entirely satisfactory in every respect. The writer personally examined those we have in use recently and found them to be in practically as good condition as when they were installed—this after having been in heavy duty service for several months. We attribute this condition to the fact that they were carefully and scientifically cut for our particular requirements, thus enabling us to derive the maximum benefit from their use.

Not only have your gears proven of better quality and given us greater satisfaction than gears made for us by other concerns, but your prices, due to your method of production, were far lower in comparison and we feel no hesitancy in recommending the Stevenson Gear Co. to any user of gears.

Assuring you of a continuance of our pleasant business relations, we are,

Very truly yours,

INDIANA CONDENSED MILK CO.
